## Casino Licence

The Governor issued a licence to Skycity Adelaide Pty Ltd on 27 November 1999. Under the Approved Licensing Agreement, the term of the casino licence expires on 30 June 2085.

## Approved Licensing Agreement

The Approved Licensing Agreement provides Skycity Adelaide with certain exclusive rights regarding the provision of casino gaming in South Australia.

The variation to the Approved Licensing Agreement, signed on 11 October 2013 by the Minister for Consumer and Business Services and Skycity Adelaide, extended the exclusivity period to 30 June 2035.

Under the varied Approved Licensing Agreement:

- Adelaide Casino can offer premium gaming to international, interstate and specified local residents.
- Premium gaming is exempt from prohibitions applied to non-premium gaming, such as: prohibitions on offering inducements, and requirements for maximum bets, maximum prizes for linked jackpots, and maximum values that can be stored and transferred to a user account for account-based cashless gaming.
- Adelaide Casino has exclusivity over casino gaming (except for interactive gambling).
- Skycity Adelaide made an up-front payment of \$20 million to the South Australian Government when the Agreement became binding.
- Account-based cashless gaming and ticket-in-ticket-out (TITO) systems can be implemented.
- The number of gaming machines can be increased to 1500 (the *Statutes Amendment (Gambling Reform) Act 2013* provided for Skycity Adelaide to acquire gaming machine entitlements for additional gaming machines by participation in the Approved Trading System).
- The number of gaming tables can be increased to 200, where 20 player positions on Automated Table Game Equipment are equivalent to one table.
- No gambling taxes, other than the casino duty under the Casino Duty Agreement, and no additional charges, other than as allowed under the current Act, will be paid by Skycity Adelaide for the duration of the exclusivity period.

- Skycity Adelaide will pay \$300 000 per annum, indexed by the Adelaide CPI, to the Gamblers' Rehabilitation Fund.
- The exclusivity provisions will have no further effect if Skycity Adelaide has not completed the Development Proposal by 30 June 2019 (or any later date agreed, by the Government).
- If the exclusivity provisions are breached by the State, the State will be liable to pay compensation to Skycity Adelaide, with a maximum liability cap declining from \$150 million in 2015 to \$40 million in 2035.

## Casino Duty Agreement

The Casino Duty Agreement currently expires on 30 June 2035.

When the variation signed by the Treasurer and Skycity Adelaide on 11 October 2013 became binding, the Casino Duty Agreement, as varied, provided a new taxation framework for the Adelaide Casino.

The new taxation rates were applicable from when the variations to the Approved Licensing Agreement and the Casino Duty Agreement became binding. The new rates will continue to apply until 30 June 2035.

However, if the Development Proposal has not been completed by 30 June 2019 (or any later date agreed, by the Government), new taxation rates will not apply.

The new taxation rates, to be applied to net gambling revenue, are outlined in the table below.

Tax	Taxation Rate
Gaming machines	41% (a)
Table games	3.41%
Automated table games	10.91%
Premium gaming machines	10.91%
Premium table games	0.91%

(a) 41% is the maximum tax rate that may be payable in any given year during the period.
