Dear Sir,

Re: Draft Amendments to the *Gaming Machines Act 1992*

The Gaming Technologies Association ("GTA", formerly AGMMA) wishes to thank the Department of Treasury and Finance for the opportunity to comment on the practical implementation of the South Australian Government's policy initiatives that underlie the draft amendments to the *Gaming Machines Act 1992*; and on the draft Bill.

Whilst the GTA has no specific comment on the implementation of the Government's policy initiatives, individual members may well choose to articulate their own strongly-held views in this regard. Further, the GTA itself holds strong views on the development of a number of these policy initiatives and seeks the opportunity to articulate these views directly to the Department.

Accordingly, we would like to take this opportunity to request a meeting where GTA representatives could discuss their views on the Government's policy initiatives direct with the Department and subsequently provide substantiating evidence in order to better support longer term initiatives.

I am available on 0418 686 075 or at rferrar@gamingta.com if I can assist at any time; and I look forward to further discussions in due course.

Yours sincerely,

Ross Ferrar
Chief Executive Officer
