

Government of
South Australia

2012–13 Budget

**Strong
foundations.
Stronger future.**

The State Government has built **strong foundations** over the last ten years.

To ensure a **stronger future** for South Australia, savings measures continue and new spending has been prioritised to areas of high need.

The State Government remains committed to responsible financial targets and will return to budget surplus in 2015–16.

2012–13 Budget highlights

- Greater support for disability services
- Easing cost pressures on South Australian households
- A leaner government
- No new taxes
- Continuing a record infrastructure program
- Improving the health of the River Murray
- Supporting our frontline emergency services and volunteers
- Record investment in skills and training
- Delivering 21st century health care
- Stimulus given to key areas of our economy to keep unemployment at historic lows.
